CALIFORNIA STATE RECEIVED SCALIFORNIANS FOR 89 YEARS

CSR District D & E Election Results Are In

The California State Retirees Board of Directors added a new member and said good-bye to another in the District D and E Election. S.E. Riazi of District D lost his race to Chapter 14 President Vincent Herrera. Keith Umemoto secured his seat for another term. Both Keith and Vincent have issued statements below giving thanks to those who voted as our typical Board and Chapter meetings are still paused due to COVID-19. CSR President Tim Behrens has also issued a heartfelt thanks to S.E. For a listing of board members and their contact information, see Page 2. For more information, please visit www.CalRetirees.org.

District E Director Keith Umemoto:

I thank the 13,000 District E members for their confidence in electing me to another term as District Director. It is an honor to serve all of you to protect our pension and benefits by listening, working and advocating together. I thank Robert Bernstein for being a gracious candidate who I spoke to get his thoughts on CSR. With COVID-19 challenging us, it hasn't stopped CalPERS, Legislature, Governor, and courts to make decisions that impact us, potentially adversely. So, it is incumbent to continue our advocacy and seek ways to be more effective and achieve better results.

There are elections for CalPERS. Constitutional Officers and 100 Legislators, plus a Special election coming up. As CalPERS handles pension investments and our health care, and the Governor and Legislature reviews bills and adopts the state budget; you know these elections are important. Our membership has increased from essentially CSEA affiliates, yet we advocate for all state worker retirees. So, increasing non-affiliate membership is also critical. Anti-pensioners have focused on lawsuits that we need to continue to fight. And, this association is yours and we must advocate and take care of you. So, I thank you and look forward to working with you.

District D Director Vincent Herrera:

Thanks to all who voted in the District D Director election. Your voice, support, and participation help make CSR the largest and best organization representing California State Retirees. The COVID -19 pandemic has disrupted all aspects of our personal life as well as our chapter business meetings. We all miss seeing our friends, discussing issues affecting members, listening to interesting speakers, planning chapter activities and the camaraderie we share over lunch. However, COVID-19 has not

changed the challenges CSR faces. As your newly elected District Director, I will work with the same resolute determination as the Board to protect our pension and health benefits. And I will support and voice the needs and issues of the members in my district. I look forward to meeting all of you when we can once again resume Chapter and Board meetings. Until then, if you have any questions or concerns you may call or text me at 916.804.6613 or email me at VHerrera@CalRetirees.org. Stay safe and remember this too shall pass.

CALIF RNIA STATE RETIREES

A Message from CSR President Tim Behrens

S.E.,

On behalf of the members of California State Retirees, I would like to thank you for your time, service and active participation on the California State Retirees Board of Directors. Board service is one of the toughest volunteer roles of all, and you performed with dedication and tenacity. Your ideas, input, and enthusiasm were most helpful and will continue to assist us in improving our organization.

Again, I commend you for your contributions, time and efforts through your service on the CSR Board of Directors and thank you for your commitment to CSR.

Jim P. Behnens

2021-22 State Budget Debate Underway

Budget Landscape Much Different Than Expected It is safe to say that a lot of things \$22 billion. By comparison, the vear and dedicates another \$

about the last ten months have not gone as expected. This is certainly true when it comes to the California State Budget. Last spring, stay at home orders to slow a surging pandemic shut down large parts of our economy and threw millions of Californians out of work. At the time, it was assumed the State had entered a prolonged COVID-19 recession. Based on economic forecasts that predicted a \$54 billion budget deficit and budget deficits for years to come, the Governor and Legislature quickly agreed upon a bare bones budget in June. To close that deficit, they made deep acrossthe-board cuts to state spending programs, including reductions in state employee compensation. And just to forewarn us about the problems that lay ahead, budget writers predicted there would be a \$9 billion deficit in fiscal year 2021-22.

Well, the economic forecasters got it wrong. California's economy and state budget revenues have not collapsed as expected. Middle and high-income wage earners continued to work from home and pay taxes just as they always have. The stock market soared and the wealthy collected, and then paid taxes on, billions of dollars in capital gains. The result: State revenues over the last year have come in roughly at the levels that were predicted prior to the pandemic. With that as background, on January 8, Governor Gavin Newsom introduced his proposed 2021-22 spending plan for the fiscal year that begins on July 1, 2021. The plan proposes total spending next year of just over \$227 billion, with \$164.5 billion in General Fund expenditures. With revenue coming in at far greater levels than projected, the 2021-22 budget anticipates a \$15 billion one-time windfall surplus and reserves of

\$22 billion. By comparison, the current 2020-21 State Budget authorized just \$202 billion in total spending, with \$133 billion in General Fund expenditures. Of note, the budget also makes clear that the budget good times are likely to be a one-time event. The budget predicts an operating deficit of \$7.6 billion in fiscal year 2022-23, and in the years that follow, unless revenue is increased or spending on state programs is reduced below existing levels. The signature feature of the proposed budget is a plan to spend a total of \$14 billion on pandemic economic recovery efforts. This includes spending \$5 billion almost immediately, before the fiscal year even starts on July 1, 2021, to reopen schools and provide direct payments to struggling low-income Californians and small businesses. You can read the budget summary and all other budget documents on the Department of Finance's webpage: dof.ca.gov.

Here is a rundown on some of the budget items that will be of most interest to state retirees:

CalPERS Contribution. The budget includes the State's required \$5.5 billion payment to CalPERS for 2021-22 to cover the pension costs of current employees. Interestingly, this is \$115 million less than the payment in the current budget year. The budget summary credits the reduced payment to the supplemental payments in previous budget years to reduce CalPERS unfunded liabilities. The summary also notes that the payment is lower this year due to the reduction in state employee take home pay that is part of the Personal Leave Program 2020 (PLP 2020) currently in place.

Supplemental Payment(s) to CalPERS. In addition to the required payment to CalPERS, the budget proposes an additional \$1.5 billion supplemental payment to boost CalPERS' funding this year and dedicates another \$4.1 billion in supplemental payments to CalPERS over the next two years. Given the predicted deficit, the Governor and Legislature abandoned plans to provide supplemental payments to CalPERS in the 2020-21 budget. It is a very positive development that the Administration is proposing to start them up again.

CalPERS Retiree Health Care. The budget also includes \$6.8 billion to meet the State's health care obligations to state retirees and active employees in 2021-22. This represents an increase of about \$700 million over last year. Of the money proposed, \$2.8 billion specifically covers retiree health care benefits for 2021-22, which the budget summary notes "has grown by 74 percent"

Prefunding Retiree Health
Care. As you may know, through
the bargaining process, all of the
State's 21 employee bargaining
units have agreed to prefund retiree
health benefits in trusts managed
by CalPERS. State supervisors
and managers also prefund retiree

compared to what the state paid in

2012-13 (\$1.6 billion).

health care.

According to the budget summary, by the end of fiscal year 2020-21, the retiree trust fund balance will approach \$4.1 billion in assets. Given that employee prefunding contributions have been suspended as part of the PLP 2020 that reduces active employee take home pay, the budget provides an additional \$616 million in one-time funding to replace the contributions state employees are not currently making. Doing so will help ensure full funding for retiree health benefits by 2046, when trust revenues are expected to take over the current pay-as-you-go system. State Employee Pay. With the State's improved fiscal condition, the budget suggests the resources may be available to end PLP

Ted Toppin

2020 and restore state employee salaries to their previous levels on July 1, 2021. Under the PLP 2020 program, since July 1, 2020, state employees have received 16 hours of PLP 2020 leave each month as compensation for a reduction in take home pay.

According to the budget summary, undoing the PLP 2020 program and restoring state employee salaries will be done through the collective bargaining process this spring – after the release of the May Budget Revision which will include an update on the State's fiscal condition.

5% State Operations Cut.

Given the cuts in state employee take home pay, what are state departments and agencies doing to reduce costs? Well, the budget continues the requirement adopted as part of last year's budget that all State departments reduce their operating costs by 5% in the fiscal year. The State has urged greater adoption of telework and a reduction in state office space to meet this objective.

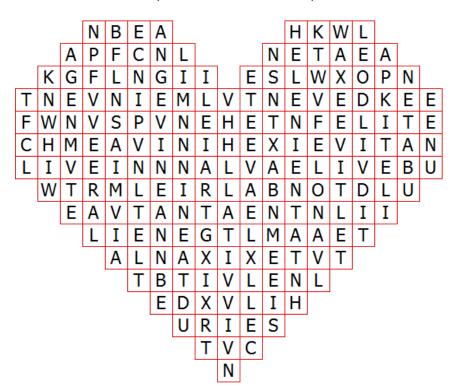

As the Legislature begins its review process, we will monitor these and other proposals that impact CSR members. Please let us know if you identify budget proposals that are important to you or if you have any questions. Remember, the Legislature must approve the budget by June 15, and the Governor must sign it by June 30.

PUZZLES Valentine's Day Word Search

Valentine Word Search

Here's a very unusual Valentine's Day word search puzzle that we think you're going to LOVE! Not only is it in the shape of a heart, but it also contains a unique set of words.

Each answer word in the puzzle is spelled using only the letters in VALENTINE. We do not supply the word list. But here are some clues: We found 18 words spelled with 4 letters, 10 words with 5 letters, 2 words with 6 letters, and 1 word with 7 letters.

ANSWERS ON PAGE 9

One Skillet Taco Chicken & Rice

Ingredients

- 1 1/2 c. brown rice
- 1 1/2 lb. chicken breasts, cut into 1-inch chunks
- 1 tbsp. smoked paprika
- 2 tsp. ground cumin
- 2 tsp. dried oregano
- 1 tbsp. olive oil
- 1 tbsp. chopped garlic
- 1/3 c. chopped onion
- 1 diced green bell pepper
- 1 (7.5-oz) can no-salt black beans, drained
- 1 large beefsteak tomato, diced (OR 1 can diced tomatoes)
- 2 c. red enchilada sauce
- 1 c water
- 3/4 c. shredded cheese (such as Mexican cheese: blend of cheddar, Monterey Jack, and asadero) Sea salt & pepper, to taste

Frashly channel cilentra for

Freshly chopped cilantro, for garnish Avocado, sliced, for garnish

Directions

Preheat oven to 400°. Cook rice according to instructions and set aside to cool.

Season chicken breast with smoked paprika, cumin, and dried oregano.

Set a deep (nonstick) skillet on medium heat, and once hot, add olive oil, garlic, onion, and bell pepper. Cook for 2 to 3 minutes until the outside of the onion has slightly browned.

Add chicken breast and cook for about 3 to 5 minutes.

Fold in the cooked brown rice, then stir in the black beans, tomato, enchilada sauce, and water. Mix everything together and bring to a light simmer. Reduce the heat to low-medium, then cover and cook for 8 to 10 minutes.

Remove the top, stir up the chicken and rice and season to taste with sea salt & pepper. Sprinkle on some cheese (if desired), then bake for 5 to 7 minutes to melt the cheese.

Garnish with fresh cilantro and avocado, then enjoy!

To Your Health

By Larry Woodson, CSR Health Benefits Committee chair

As COVID-19 continues to be a major threat to our collective health in California and worldwide, there has been some progress in the distribution of vaccines and I am hearing from some of our CSR members they have obtained their first dose, based on age. Personally, I received the Pfizer vaccine on January 27 from my provider, University of California Davis Medical. They have opened it up to their 65 plus patients who may have underlying conditions. Unfortunately, the distribution is inconsistent geographically and by provider type. Messaging has also been inconsistent. Hopefully, there are signs of improvement on both counts. My advice is to keep checking with your provider or county health department and word of mouth from friends.

On January 20 CalPERS held their second annual Stakeholder Forum virtually. I participated on behalf of the CSR Health Benefits Committee (HBC) along with CSR President Tim Behrens and other CSR leaders. We also participated in CalPERS Board Education Day on January 19, which was largely dedicated to health care issues. On the 19th a consultant, Marian Mulkey, presented on "California Health Care – Landscape and Levers for Change." Board member education was the goal, but stakeholders were allowed to listen and ask questions. The information was good, but very broad and not specific to our own health care coverage per se. Some examples include that health care spending in 2018 (latest data) as a per cent of GDP was 17.7% which was close to a 2 % increase. This is very high compared to other countries. Also, that lack of competition was a major factor in increasing costs. On that issue I asked Ms. Mulkey if she was aware of how much a factor that Private Equity firms buying up health providers across the spectrum over the last 10 years, may be contributing to efforts to control costs. I have raised this issue previously before the Board and at Stakeholder meetings. They now own large shares of hospitals, urgent care centers, ER doctor practices, nursing homes, and doctors' practices. Obviously, they are primarily in it for the profit. Her response was that she didn't have that information and it was beyond the scope of her presentation. Marta Green, CalPERS staff, did respond, acknowledging PE involvement in healthcare was driving up costs, at least to the extent that it is inhibiting competition.

At the Stakeholder Forum the next day, there were 2 lengthy sessions: The Member Experience and The Triple Focus of Health Care (for Cal Pers). The first session covered the entire CalPERS member experience focusing on the active member and later on the retiree. I was already familiar with most of the information. CalPERS Executive, Anthony Suine, responded to a question from President Behrens about when we might expect mailing of direct deposit advice statements to resume, since some of our older CSR members without computers are concerned about this. His response noted that the State Controller's Office mails them and had to cease when COVID-19 safety protocols mandated most employees to work from home. He also indicated that the Controller's Office was considering phasing out mailings altogether in the future to save money and paper. At that point I asked if Betty Yee, the State Controller and a CalPERS Board Member, was tied into the webcast and if she could respond. And I expressed concern that if the Controller is planning to phase out mailing, many of our older retirees who aren't computer savvy or own a computer, will be neglected. Betty Yee was indeed tied in and responded. They are considering a phase out of mailings but that they would accommodate those elderly retirees whom I mentioned. I presume they would continue to receive by mail. Good news.

One other important piece of information I just learned in that discussion from Mr. Suine, is that CalPERS will provide a copy of a retiree's monthly direct deposit statement if they don't have computer access by calling the CalPERS customer service line and requesting it at 888-225-7377. You would need to do this each month you want the notice and allow 7-10

days for processing and mailing. For those of us computer literate, we can obtain the statements by logging onto My.Calpers.ca.gov.

During the Triple Focus of Health Care segment, many of the issues were covered that had been recently covered in CalPERS Pension and Health Benefits Committee meetings including a 1 to 2 year extension of the OptumRx Pharmacy Benefit Manager contract, CalPERS efforts to improve the health plan rate setting process, increasing competition in health care, and efforts to improve behavioral health services. Danny Brown, Chief of Legislative Affairs, gave an update on federal and state policy and legislation. He gave us a reminder about the federal law recently passed that prevents surprise medical bills. There is already state law (which CSR endorsed) that prevents surprise billing to all on HMO plans in California. The federal law extends protection to members on the PPO plans (PersCare, Choice, and Select). However, it does not go into effect until January 2022 and does not cover surprise ambulance billings other than for air ambulance.

Overall, the Forum was well done, considering the constraints of virtual meetings. CalPERS did not address the controversial issue of Long-Term Care in this forum, though it was discussed at the last PHBC meeting and a planforward approved. CSR continues to have concerns regarding excess premium increases and diminished benefits. We will stay engaged on this issue. Stay safe.

2021 Chapter Officers & Delegates Election Timeline

FEBRUARY 2021 CALIFORNIA STATE RETIREE

SAVVY SENIOR

Acupuncture: Does It Work and Is It Covered by Medicare?

Dear Savvy Senior,
Is acupuncture a viable
treatment for pain and is it
covered by Medicare? Since
the pandemic hit, I have a lot
of lower back and neck pain
and am wondering if it's worth
trying. What can you tell me?
Looking for Solutions

Dear Looking,

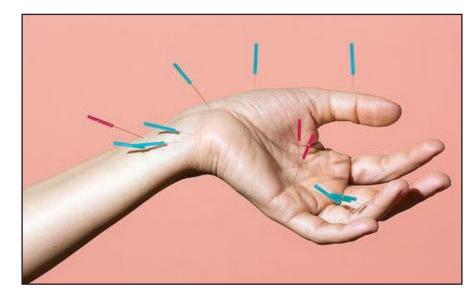

Many studies over the years – funded by the National Institutes of Health – have found acupuncture to be very effective in easing pain and can help with a variety of other ailments too. Here's what you should know.

Acupuncture Treatment

First used in China more than 2,000 years ago, acupuncture has become increasingly popular in the United States over the past decade. While acupuncture isn't a cure-all treatment, it is a safe, drug-free option for relieving many different types of pain including low back pain, neck pain, osteoarthritis, migraine headaches, fibromyalgia, postoperative pain, tennis elbow, carpel tunnel syndrome, dental pain and more. Studies have also shown that it can be helpful in treating asthma, depression, digestive disorders, menopause symptoms like hot flashes, and nausea caused by chemotherapy or anesthesia.

Exactly how or why acupuncture works isn't fully understood, but it's based on the traditional Eastern theory that vital energy flows through pathways in the body, and when any of these pathways

get blocked, pain and illness result. Acupuncture unblocks the pathways to restore health. However, today most Western practitioners believe that acupuncture works because it and are left in place for about 20 minutes. After placement, the needles are sometimes twirled or manipulated, or stimulated with electricity or heat. You may feel a brief, sharp sensation when the

stimulates the nerves causing the release of endorphins, which are the body's natural painkiller hormones. It's also shown to increase blood circulation, decrease inflammation and stimulate the immune system.

What to Expect

During acupuncture, practitioners stimulate specific points on the body by inserting thin needles through the skin. The needles are solid, sterile and disposable (used only once), and as thin as a cat's whisker. The number of needles used for each treatment can vary anywhere from a few, up to a dozen or more. And where the needles are actually stuck depends on the condition being treated, but they are typically inserted about one-quarter to 1-inch deep

needle is inserted, but generally it's not painful. Once the needle is in place, however, you may feel a tingling sensation, numbness, mild pressure or warmth.

How many treatments you'll need will depend on the severity of your condition – 12 treatments done weekly or biweekly is very common. It's also important to know that acupuncture can be used in conjunction with other conventional medical treatments, or by itself.

Cost and Coverage

The cost per treatment typically runs anywhere from \$40 to \$150, depending on where you are in the country and what style of treatment you are receiving. Today, an increasing number of private insurance plans, including some

Send your senior questions to: Savvy Senior, P.O. Box 5443 Norman, OK 73070 or visit **SavvySenior.org**

Medicare Advantage plans, and policies provided by employers offer some type of acupuncture coverage. You'll also be happy to know that last January (2020), the Centers for Medicare and Medicaid Services announced that original Medicare will now cover up to 12 acupuncture sessions in 90 days for patients with chronic lower back pain. Eight additional sessions can be added if patients show improvement. But in order to receive Medicare coverage, you must use a licensed acupuncturist who is supervised by a medical doctor, physician assistant or nurse practitioner trained in acupuncture, who will need to process the acupuncture claim. Currently, licensed acupuncturists can't directly bill Medicare. To find an acupuncturist in vour area ask your doctor for a referral, or you can do a search online. Two good resources are the National Certification Commission for Acupuncture and Oriental Medicine (nccaom.org), and the American Academy of Medical Acupuncturists (medical acupuncture.org), which offers a directory of MDs and DOs who are certified to practice acupuncture.

CSR MEMBERS!

WE NEED TO STAY CONNECTED NOW MORE THAN EVER!

Welcome aboard new members!

Now that you have become a member of the largest and most experienced state retiree organization in California, we want to properly welcome you aboard.

California State Retirees (CSR) has 26 different chapters statewide, and there is one just right for you. Members who don't specify which chapter they want to be in are automatically placed in the chapter within their zip code. Just let us know if the chapter you have been assigned is where you want to stay.

A phone call to your chapter president or a visit to your chapter's next meeting is the best way to become acquainted with everything CSR has to offer. Check out page 9 for the phone and email information of your chapter president. Each chapter encourages new members to attend their meetings, where state retiree issues are discussed; a variety of speakers appear and lunch is served. At some chapters, new members receive complimentary lunches.

Welcome to **Retirement!**

CALIFORNIA STATE RETIRES

CSR is the largest, most experienced organization exclusively representing state retirees!

OUR MISSION To protect the pension and health benefits of all retired state employees

Take the next step! Here are 10 great reasons to join!

- **1. Advocacy:** CSR has 89 years of experience representing retired state employees. Protecting your rights and benefits is our top priority. We strongly oppose legislation that threatens to undermine the CalPERS system.
- 2. **Member Discounts:** We have discounts ranging from emergency travel assistance and insurance to recreational activities and legal services. If you are not a member, you are at risk of losing your CSEA benefits.
- 3. CalPERS Coverage: Not everyone can attend CalPERS Board and committee meetings. Our staff and leadership do the work for you. We speak on behalf of our members and make sure your voice is heard.
- **4. Monthly Newspaper:** The California State *Retiree* provides valuable information about issues affecting your pension and benefits; services for retirees; and features about retirees like you.
- **5. Community:** There are 26 chapters throughout the state. Attend your chapter's meetings for fun, social and educational events and speakers! Stay informed and be a part of an amazing community.

- 6. Retired Annuitant Program: Looking to keep busy? Only CSR members are eligible for the CSR Retired Annuitant Program List. State offices throughout California contact our annuitant members for temporary, part-time jobs with the state.
- 7. 40,000 Members Strong & Growing: Our opinion matters to legislators, our governor, CalPERS and other agencies that can impact the pensions and benefits of state retirees. There is strength in numbers!
- 8. Minimal Monthly Dues: Our dues are minimal, but the benefits are significant. Our dues range from \$1 to \$12 per month, depending on your CalPERS monthly allowance.
- **9. Giving Back:** Our members are active in their communities with a wide range of volunteer and charitable activities. Make a difference after retirement while having fun!
- 10. All are Welcome: Any California state retiree can become a CSR member and get access to our exceptional member benefits and be included in our strong retiree community.
